

**BABERGH DISTRICT COUNCIL**

**FROM:** Development Committee

**REPORT NUMBER:** **J49**

**TO:** OVERVIEW AND SCRUTINY  
(COMMUNITY SERVICES)  
COMMITTEE

**DATE OF MEETING:** 30 June 2009

**ANNUAL REPORT OF DEVELOPMENT COMMITTEE FOR 2008/09**

**1. PURPOSE OF REPORT**

1.1 This report summarises the work of Development Committee for the year 2008/09.

**2. RECOMMENDATION**

2.1 That Paper J49 be adopted as the Annual Report of the Development Committee for 2008/09.

The Committee is able to resolve this matter.

**3. FINANCIAL IMPLICATIONS**

3.1 There are no financial implications arising directly from this report.

**4. RISK MANAGEMENT**

4.1 There are no significant risks arising directly from this report.

**5. KEY INFORMATION**

5.1 Article 7.05 of the Council's Constitution provides that:

"The Development Committee must report annually to Overview and Scrutiny (Community Services) Committee on its performance with particular reference to those decisions taken contrary to policy, decisions taken contrary to officer recommendations and also relating to its performance on appeals".

5.2 In addition, Strategy Committee on 11 October 2001 resolved:

"That the [Head of Natural and Built Environment\*] make an annual report to Overview and Scrutiny [Community Services] Committee concerning the number, cost and outcome of planning appeals, the use of consultants generally and any contributions from applicants or potential applicants".

*\*under delegation current at the time, the Head of Planning (Control) and the Head of Legal and Administrative Services were responsible for preparing the report*

5.3 In the interests of good stewardship a report has been made annually to Development and Overview and Scrutiny Committees about the contributions obtained from developments through Section 106 Obligations. Overview and Scrutiny (Community Services) Committee asked at its meeting of 12 July 2005 that Development Committee also reports to it on:

- the planning delivery grant [now Housing and Planning Delivery Grant],
- staff retention and recruitment, and,
- support for rural businesses.

5.4 At its meeting on 13 June 2007, the Development Committee asked for further scrutiny of the system for recording payments due under Section 106 Planning Obligations and for information on payments to be readily available to Members. The Overview and Scrutiny (Community Services) Committee at its meeting on 24 July 2007 also requested that additional information be provided to show the monies paid and the parishes in which the monies have been spent. At the meeting on 1 July 2008 the Overview and Scrutiny (Community Services) Committee requested further information on planning enforcement.

## **6. THE WORK OF DEVELOPMENT COMMITTEE**

6.1 The Development Committee primarily considers planning and associated applications for the development of land and buildings. It does, however, receive and debate reports relating to the formulation and adoption of planning policies as well as other land-use planning matters. For example, during 2008/09 the Committee considered a planning position statement for the Brantham Industrial Area.

## **7. DEVELOPMENT COMMITTEE MEETINGS**

7.1 In 2008/09 Development Committee met on 13 occasions. At each meeting a schedule of planning and associated applications has been presented to the Development Committee for consideration along with quarterly performance reports on applications and appeals. Table 1 provides an overview of the number of items considered by the Development Committee, the number of site meetings together with information relating to the duration of meetings. Table 1a contains information on public speaking.

<b>TABLE 1</b>	<b>2004/05</b>	<b>2005/06*</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>

\* figures for 2005/06 exclude the additional meeting held to consider HMS Ganges - those in brackets include that meeting

7.2 Specific information requests have been made either by the Development Committee or the Overview and Scrutiny (Community Services) Committee in the past concerning particular applications types or decisions. In particular:

- decisions made contrary to the recommendation of the Chief Planning Control Officer,
- grants of planning permission not in accordance with the Development Plan policies, and,
- decisions relating to development by businesses in rural areas.

Table 2 produced below contains information relating to the first category. Information on applications not in accordance with the Development Plan is contained in Table 3 while information relating to development by businesses is contained in **Appendix 1**.

<b>TABLE 2</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>

## **8. TRAINING**

8.1 On 13 December 2005 Council accepted the recommendation of the Overview and Scrutiny (Community Services) Committee that Members of Development Committee (and their substitutes) be required to attend at least two full days or four half-days training on planning and related matters per annum. During 2008/09 seminars and briefings have been provided on 13 occasions. According to the records Development Committee members have fulfilled the expected requirements.

## 9. **PLANNING CONTROL**

### **Planning Applications**

- 9.1 The following table provides an overview of the total number of applications received and determined annually, along with the details of the number approved. It also provides details of the number of applications that were determined in accordance with the scheme of delegation expressed as a percentage of all decisions.
- 9.2 As will be noted 1,350 applications were received in the period 1 April 2008 to 31 March 2009 in comparison with 1,716 for the period 1 April 2007 to 31 March 2008. This represents a decline of some 366 applications, or approximately 21%.
- 9.3 The percentage of decisions made in accordance with the scheme of delegation has been 90.5% in 2008/09. This is slightly above the threshold of 90% which is commonly held to be a measure of good practice.

<b>TABLE 3</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Applications received	1823	1857	1724	1716	1350
Applications determined	1793	1721	1599	1609	1377
Applications approved	1541	1485	1354	1357	1130
Percentage of approved applications	80	86	85	84	82
Percentage of delegated decisions	85	88	87	91	90.5
Departure approvals	23	25	21	26	8

### **Planning Appeals**

- 9.4 Decisions made by the District Council are subject to appeal, either because planning permission has been refused, conditions have been imposed upon the grant of permission, an enforcement notice has been served or an application has not been determined.
- 9.5 Table 4 contains information relating to the number of planning appeals determined (excluding enforcement cases). Of the 56 cases that were the subject of an appeal in 2008/09, 14 followed the decision of Development Committee to refuse planning permission of which seven were subsequently allowed, and in two instances costs were awarded to the appellant. In response to a request made by the Development Committee on 11 February 2009 a quarterly report is now produced summarising the decisions made by Planning Inspectors to assess the effectiveness of existing planning policies.

<b>TABLE 4</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Total number of appeal decisions	41	42	53	47	56
Number of decisions upheld	27	29	38	36	38
Percentage of decisions upheld	66	69	72	77	68
Written Representations	34	40	45	41	47
Hearing	6	2	7	3	9
Public Inquiry	1	0	1	3	0

### **Planning Performance**

9.6 Table 5 provides an overview of the annual performance of the Development Control Service against NI 157: The Determination of Planning Applications. Current Government performance indicators require all local planning authorities to determine:

- 60% of major applications within a period of 13 weeks. Since 1 April 2008 the major category has been divided into large-scale and small-scale major developments but for the purposes of this report, they are combined. (A large-scale major application is defined as a development comprising 200 or more dwellings whereas a small-scale major application is defined as a development comprising 10 or more dwellings up to 199 dwellings);
- 65% of minor residential and commercial applications within a period of 8 weeks. (i.e. up to 9 dwellings or 1000 sq metres of floor space); and,
- 80% of other applications (which are mainly householder applications) within a period of 8 weeks.

9.7 As will be noted all three performance targets have been achieved for the first time since 2005/06 and a positive direction of travel has been established. In the coming year emphasis will be placed upon reaching the locally defined stretched targets of 67% for major applications, 72% for minor applications and 87% for other applications. The measures already put into place to improve performance will continue to be monitored and refined as necessary. These include:

- The rigorous assessment of applications against the national and local validation requirements to ensure that all of the necessary information is available at the registration stage to avoid potential delays at a later date;
- Ensuring that all applications which are capable of being registered are on a planning officers' desk within three working days of receipt to maximise the amount of time available to determine them;
- The weekly review of applications by planning officers to ensure that any issues are identified at the earliest opportunity and applicants and agents are informed accordingly with a requested to submit additional information within an agreed timeframe,

- The encouragement of pre-application discussions to avoid the submission of inadequate and incomplete applications, and,
- The introduction of a 'permitted development' enquiry service and an informal duty officer system to manage telephone calls more effectively.

<b>TABLE 5</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Percentage of <b>MAJOR</b> applications determined on time	57	68	62	71	75
Percentage of <b>MINOR</b> applications determined on time	57	70	60	57	68
Percentage of <b>OTHER</b> applications determined on time	74	84	77	76	82

### **Housing and Planning Delivery Grant**

- 9.8 A performance grant regime has been in operation for approximately six years but its emphasis was changed for 2007/08 to focus upon the delivery of local development frameworks and a five year supply of housing land. For 2007/08 the District Council was awarded £72,064 in recognition that it had a five year housing supply but secured nothing for planning application performance. During 2008/09 some key background studies have been produced to support the Local Development Framework, namely a Strategic Housing Land Availability Assessment (SHLAA) and a Strategic Housing Market Assessment (SHMA), which in combination with good planning application performance should maximise the opportunities for the award of Housing and Planning Delivery Grant for 2008/09. An announcement on how much grant each local authority is expected to receive is usually made towards the end of the summer.

### **Human Resources**

- 9.9 Staff turnover during 2008/09 has been less pronounced than previous years. Although a principal planner left in spring 2008 there were no difficulties in filling the vacancy. A further principal planner is currently on maternity leave but given the decline in application numbers a temporary replacement appointment has not been made. An external consultant has, however, been engaged to provide some support. As far as appeal work is concerned less use is now being made of external consultants and following changes that were made by the Planning Inspectorate to the householder appeal system in April 2009 further efficiencies are likely to be made. Changes to computer software system arising from the LAMP project have been implemented recently and the impact upon the planning support team will become clearer in the coming months.
- 9.10 The building control section saw some staff changes in the support team following the retirement of a member of staff and the internal promotion of another in summer 2008. A building control surveyor was also appointed in October 2008 to a vacancy that had been difficult to fill. The section is now fully staffed and management arrangements continue to be shared with Ipswich and Suffolk Coastal Councils.

## 10. **BUILDING CONTROL**

- 10.1 Building Control is a statutory function but unlike some other services provided by the authority it is subject to competition from the private sector. This competition is most apparent in the commercial and volume house building sectors. During 2008/09 the District Council was successful in gaining the SWISS Centre project and as a member of the local authority partnering scheme it has secured plan checking work on further projects which individually have a construction values in excess of £1 million.
- 10.2 Table 6 provides an overview of the number of applications received by Building Control and the number of inspections undertaken. It also provides an indication of the amount of work that has been retained. As will be noted with the exception of one case that has been overseen by an approved building inspector, the District Council has retained almost all commercial work.

<b>TABLE 6</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Applications received	956	1013	945	993	849
Inspections undertaken	10500	9767	9964	9358	7407
Percentage of new housing (by number) retained	92	86	77	91	43
Percentage of new commercial work (by value) retained	96.5	73	91	89	99.8

Source: Departmental Records

## 11. **PLANNING OBLIGATIONS**

- 11.1 In line with the requirements of existing local plan policies financial contributions are sometimes made by applicants via planning obligation or Section 106 agreements for the provision of social and physical infrastructure to mitigate the effects of new development. These agreements are usually linked to the commencement of the development and a provisional report containing details of the agreements concluded during 2008/09 is contained in **Appendix 2**.
- 11.2 As Members may recall the Strategy Committee considered a paper at their meeting on 31 July 2008 which sought to secure greater Town and Parish Council involvement in the use of contributions received for recreational purposes. The effectiveness of this involvement is shortly to be reassessed in conjunction with a review of the arrangements for the monitoring of developments on larger sites with assistance from the Member Information Management Task Group to establish data requirements.

## **12. PLANNING ENFORCEMENT**

- 12.1 In line with national guidance the District Council has reviewed its practice and procedures relating to unauthorised development. As Members may recall the Overview and Scrutiny (Community Services) Committee considered a report (Paper H186) at its meeting on 3 February 2009 which outlined a Planning Enforcement Policy. This policy was subsequently adopted by the Strategy Committee on 12 February 2009 with some minor amendment.
- 12.2 During 2008/09 significant strides have been made to resolve long-standing planning enforcement cases. In response to the request by the Overview and Scrutiny (Community Services) Committee on 1 July 2008 Table 7 provides an overview of the number of alleged breaches of control that have been investigated, the number of enforcement notices served, together with information relating to enforcement appeals and other matters during the past three years.

<b>TABLE 7</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Number of alleged breaches investigated	525	501	486
Number of enforcement notices served	33	12	37
Number of enforcement notices appealed	4	14	12
Percentage of enforcement notices upheld	80	71	75
Planning Contravention Notices	45	15	51
Breach of Condition Notices	1	7	0
Number of prosecutions	4	5	6
Number of Injunctions	1	1	1
Number of Stop Notices	1	1	1
Section 215 Notices (untidy sites)	2	1	0

Source: Departmental Records

## **13. COMPLAINTS**

- 13.1 The District Council's operates a formal complaints procedure for those individuals who are aggrieved with the level of service they have received. Complainants who remain dissatisfied after going through this procedure may go on to pursue their complaint with the Local Government Ombudsman. As will be noted there have been no cases of maladministration found in the last year.

<b>TABLE 8</b>	<b>2004/05</b>	<b>2005/06</b>	<b>2006/07</b>	<b>2007/08</b>	<b>2008/09</b>
Complaints received	15	18	14	16	14
Complaints pursued to Ombudsman	11	2	4	1	4
Ombudsman declined to investigate	8	1	3	0	0
Maladministration found	1	0	1	0	0
