

PRESS RELEASE OCT 28TH 2011 PANNA CAGE EVENT – MARKET HILL BE ACTIVE

PRESS RELEASE

BE ACTIVES 'THE HUB' AND SUDBURY AND GREAT CORNARD SAFER NEIGHBOURHOOD TEAM are once again pairing up to bring the Streetwise Soccer PANNA CAGE to Market Hill Sudbury. The event is to follow in the footsteps of last years event in October as part the [District](#) wide Babergh Connect [project](#). This year's event is on Friday 28th October 6-10pm on Market Hill, Sudbury. As well as the popular Panna Cage, Be Active and The Hub will also be offering DJ tuition and playing DJ sets throughout the evening.

On hand will be Hub volunteers and community development workers who want to use the evening as a chance to show young people and the community what can be achieved by working together to do something positive. The Hub are keen to expand the service they can offer to young people and as always will be seeking the opinions and view of the young people in the community to see what they want and letting them know how they can get involved in this.

The evening will also provide a platform for community members of all ages to come down and have a look at what is being offered in their town and how they can support that. Stephanie Lloyd, Community Development Officer, Babergh District Council ,Be Active says that "With new ways of working being introduced to the youth and community service, the way in which we now deliver our service can only improve and develop with the help of local volunteers. With the support of training and guidance from us we are looking to local people to fill local need. If you want something in your community then now is the right time for you to build it."
